

Name _____

Date _____

Touch and count the dots from left to right starting at the arrow. Count to the puppy, and then keep counting to his bones and twin brother!

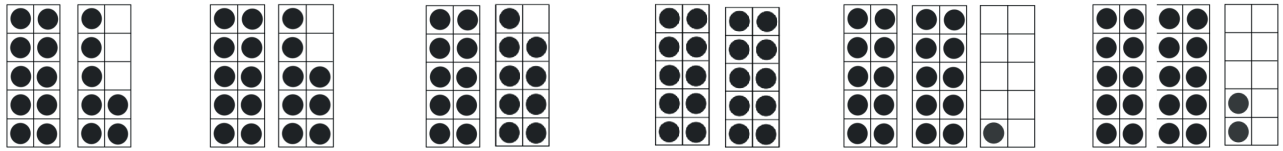

Count again and color the last dot of each row green. When you have finished, go back and see if you can remember your green numbers!

What number did you say when you touched the first puppy?

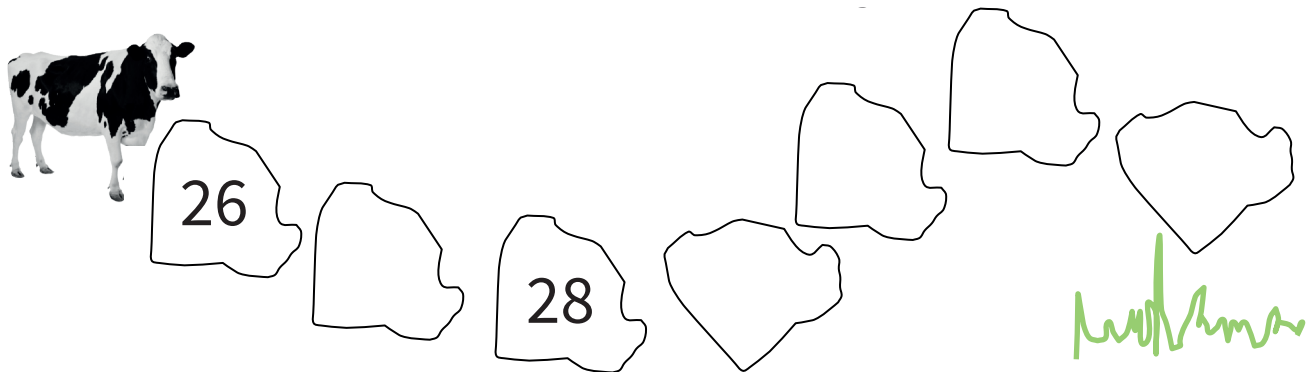

- The first bone?
- The second bone?
- His twin brother?

Count each number by 1s. Write the number below when there is a box.

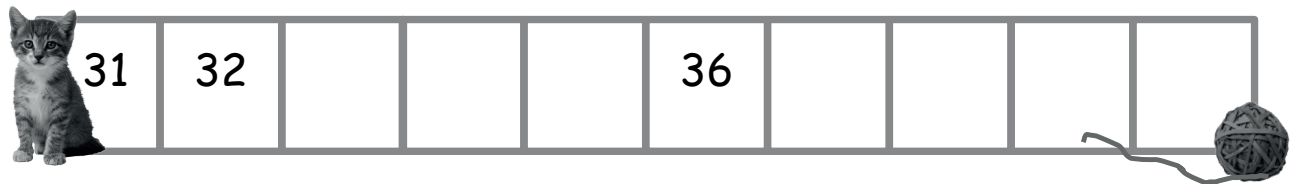

17				21	
----	--	--	--	----	--

Touch and count the rocks from the cow to the grass!

Count up by 1s. Help the kitty play with her yarn!

Count down by 1s.
